

PHILIP | HALL

RIPON'S VERY OWN DEPARTMENT STORE

Established in 1950, in the heart of historical Ripon, Philip Hall have been offering stylish home, gift, lingerie and fashion products for 60 years. Together with personal shopping, wedding lists, alterations and wrapping services, Philip Hall are well placed to provide a complete retail experience second to none.

As part of their on-going 60th year anniversary refurbishment, the owners chose Déluce Spettro and Scudo lighting products to enhance their lingerie and nightwear shop and give substantial energy savings.

Spettro LED downlights are used to highlight the main window, which is themed for special occasions; green for Halloween, red for Valentines Day etc., and the eye catching scrolling effects are for everyday use, the clean, elegant Scudo fittings are designed to enhance the contemporary interior space, ...needless to say the owners are delighted with the end results.
